Board of Directors & General Manager
Del Paso Manor Water District
1817 Maryal Drive, Suite 300
Sacramento, CA 95864

This letter of interest is in response to the posting in the March-April 2019 Newsletter of your intent to fill a vacancy on the DPMWD Board of Directors by May 5, 2019.

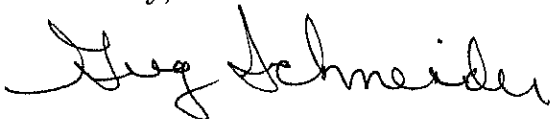

My wife Sandra and I have lived in the Del Paso Manor neighborhood since 2002. Our home was built in 1947 and is located in the original steel pipe area of the district.

I am now retired but have extensive experience in production management, operations management, and supply management. I spent my career working in private industry, the non-profit sector, and the public sector. As the Supply Manager for a 20,000 student community college, I handled the public works bidding for the District and purchased all equipment and supplies for three campuses.

I have spent that last two years engaged with the DPM Water District by helping to provide oversight on District business and as an advocate for my fellow ratepayers. I have attended every regular board meeting beginning with the May 1, 2017 meeting. I have also attended every special and community meeting in that time period except the March 16, 2018 special meeting, which I missed due to being out of town.

I am interested in serving on the DPMWD Board of Directors to fill the current vacancy and have attached a copy of my resume for your consideration.

Sincerely,

A handwritten signature in black ink that reads "Greg Schneider". The signature is written in a cursive style with a large, prominent "G" and "S".

To the Board Members of the Del Paso Water District:

Thank you for this opportunity to be considered for the open seat on the Del Paso Manor Water District Board. Diane and I have lived in Del Paso Manor for nearly thirty years. As a frequent attendee at DPMWD board meetings, I have learned a great deal about the challenges that a water district has, and specifically the challenges that DPMWD faces.

I can write all about my work experience and my involvement in the community but I have my resume for that. Instead, my most important attribute is that I disagree with the direction the Board is headed. Constructive deliberation with a diverse and different opinion is what I offer.

Sincerely,

A handwritten signature in black ink, appearing to read 'Carl Dolk', written in a cursive style.
